

SIR HUMPHREY HUEY M. HUET

Web Developer | Software Developer | Data Analyst | Game Developer | Game Designer

0948-840-0403 | humphreyhuet26@gmail.com | Tarlac, Philippines

PROFESSIONAL SUMMARY

Dedicated Web Developer with a strong foundation in designing and developing responsive, user-friendly websites and web applications. Proficient in HTML5, CSS3, JavaScript, PHP, Node.js, Angular, Flutter, Firebase, and MongoDB, with experience building full-stack applications that emphasize performance, usability, and clean design.

Currently pursuing a Bachelor of Science in Information Technology, specializing in Web Development, with hands-on experience in collaborative software development, database management, and UI/UX design. While web development is my primary area of expertise, I am also capable of contributing to software development, data analysis, game development, and game design, allowing me to adapt to diverse technical projects and multidisciplinary teams.

A proactive learner with strong problem-solving, communication, and teamwork skills, committed to delivering high-quality digital solutions and continuously expanding my technical expertise.
